

## Love You Too

Salman Sowdagar

When you say that you love me...  
It feels like nothing can go wrong that day,  
Ask me whatever you want, I can't tell you nay,  
Even if it's playing out in the scorching heat of may,  
Or buying a new dress worth a thousand dollars pay,  
Or going for a long drive in an unknown way,  
Or going on a cruise across the bay,  
Or lying in a farm on the hay,  
Or getting a bright blue feather of the Jay,  
Or storing in a glass container, the sun's first ray.  
So tell me what you want, you just say,  
I will do anything for you, okay?  
Because I love you too dear,  
I Love You Too!!!
